AACP GOALS

To elevate and enhance the professional standards of diagnosis and treatment in the field of Craniofacial Pain and Temporomandibular Disorders (TMD); to encourage research and further study; to recognize for the benefit of the public those professionals who have specialized knowledge and skills in diagnosis and treatment; to promote and improve professional levels of competency; and to encourage the highest standards of excellence for practitioners.

SYMPOSIUM OBJECTIVE

To commemorate AACP's 20th anniversary by providing attendees with new knowledge and clinically-relevant skills gleaned over two decades from 600+ professional members who are leading the TMD community. Distinguished speakers will discuss topics directly related to the accurate diagnosis and effective treatment of patients with TMD and Craniofacial Pain problems in the context of what we did in the past, what we are currently doing, and the procedures we already know and anticipate will be available for our use in the near future. Concurrent programs for doctors and staff offer opportunities to gain information needed to achieve excellent patient outcomes and increase practice productivity. Additionally, all attendees should achieve new insights and renewed enthusiasm for diagnosing and treating Craniofacial Pain and TMD patients as well as opportunities to network with more experienced clinicians to solve complicated patient presentations that may be encountered in the future.

CE CREDITS

There are approximately 12.5 CE credits available at this symposium.

AACP is an ADA CERP Recognized Provider.

ATTENTION DENTISTS

- Increase your productivity by adding TMD therapy to your practice!
- Enhance your knowledge and skills as a clinician by reviewing fundamental principles!
- Earn a certificate by completing both parts of this 2-part program!
- Enjoy the satisfaction that comes from learning how to successfully diagnose and treat Craniofacial Pain and TMD patients!

Diagnosis and treatment of TMD and Craniofacial Pain patients can be one of the most rewarding experiences for the clinician. As we celebrate our 20th anniversary, AACP extends a special invitation to novice practitioners and members of allied dental and medical specialties to join the TMD community by enrolling in this special, 2-part program.

Part 1: August 5–6, 2005

(see detailed agenda at right)

Part 2: October 28–30, 2005

- Part 2 of this program will be held in the Dallas/Fort Worth area.
- Topics covered in Part II include: Treatment Principles, Intraoral Splints, Use of Hot & Cold Therapy and Exercises for the TMD Patient, Principles of Electromodalities, Post-Surgical Patient Management and TMJ Imaging.
- Cost for Doctors for Part 2:
\$545.00 (AACP members)
\$695.00 (non-members)
- Registration materials for Part 2 will be mailed to all doctors who successfully complete Part 1 of this program in Oklahoma City, OK.
- To earn a certificate of course completion from the AACP, doctors must attend Part 1 and Part 2, and earn a passing grade on the final exam that will be administered on October 30, 2005.
