"The latest in TMJ, Orofacial Pain and Occlusion from the North and South of Central America."

PROGRAM

The American Academy of Craniofacial Pain (AACCP) was founded in Philadelphia in 1985 and continues to be the Craniofacial Pain/TMD organization representing all practitioners in this discipline by providing a common ground for advancement of knowledge, clinical practice and research. AACCP is committed to the relief of craniofacial pain and dysfunction, and the advancement of research and study in this field.

www.aacfp.org

The Academia Panameña de Prótesis y Oclusión is an organization affiliated to the Panamanian Dental Association (AOP) whose objective is to study and promote among its members the latest scientific discoveries in Prosthodontics and Occlusion, assessing a multidisciplinary integration with other specialties in order to develop the best diagnosis, prevention and treatment of the teeth and supporting tissue dysfunction's.
